Introduction

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.30 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. Paragraphs 6 and 3.30 of the Code require that each local authority publish its report locally. Local authorities do not have to include this introduction and guidance in their locally published report.
2. In 2020 and 2021, we asked far fewer questions than in previous years, asking only for the minimum information required by the Code. This was in response to the pressures on local authorities and others in the light of the Covid-19 pandemic. This year, we have again sought to keep the information requested to the minimum. We have, at the request of the Department for Education, asked a small number of additional questions relating to the impact of the new Code which came into force on 1 September 2021.
3. The new Code also changes the period to be covered by reports to the adjudicator and the deadline for submitting reports to the adjudicator. **This year's report must cover the 2021/2022 academic year and be submitted to the Office of the Schools Adjudicator by 31 October 2022.**

Guidance on completing the template

4. In a departure from previous practice, we have included all the guidance on completing specific parts of the template in this section. We hope that this will be helpful. This is in response to feedback that including guidance and definitions in the body of the template could make the report harder for readers to follow and less accessible. There is no requirement for local authorities to include the introduction and the guidance in their published reports, but they are free to do so if they wish.
5. We should be grateful if in completing questions which ask for information about primary and secondary schools and/or pupils, local authorities would follow the approach to classification of schools used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002².
6. Guidance on specific questions and/or meaning of specific terms in this report:
 - a. "in-year admissions": This means admission at the start of any school year to a year group which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven

¹ [Department for Education Statistical First Release](#)

² [The Education Middle School \(England\) Regulations 2002](#)

primary school) **and** admission during the course of any school year after the end of the statutory waiting list period (31 December) in normal years of admission.

b. Not applicable means at questions:

Section 1: B.i. - B.iv. that there were no children falling within the relevant definition.

Section 1: B.v. that there were no schools for which the local authority was the admission authority at 1 September 2021.

Section 1: B.vi. that there were no schools in the local authority's area for which the local authority was not the admission authority at 1 September 2021.

Section 2: B.i. - B.iv. that there were no children falling within the relevant definition.

Section 2: C.i. that there were no children falling within the definition.

Section 2: D.iv. that there were no hard to place children referred to the protocol.

7. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.
8. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

There is an open line of communication and collaboration between the Admissions Team and Virtual School, ensuring that all admissions for Looked After Children are processed very effectively

C. Special educational needs and/or disabilities

Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at normal points of admission:

If the admission form is completed and does not declare children's needs or EHCP, then the usual admission process follows.

At the point of the LA learning about EHC needs, the SEND service takes the lead on securing appropriate provision through consultation process.

Section 2 - In-year admissions

A. Effect of Code changes on in-year admissions

Please provide any comments you wish to make on the effect of the changes to the Code's provisions for in-year admissions. It would be particularly helpful to have comments on whether you think the changes have made it easier or not for parents to secure places for children in-year?

We think the new School Admissions Code 2021 continues to serve parents well with the in-year admissions.

B. Looked after children and previously looked after children

- iii. Please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for children with special educational needs and/or disabilities:

Where children do not have an EHCP but additional needs, it places additional pressure on schools. The new SEND code needs to address the issue of children who don't have EHCP at the time of admission. An example will be those arriving from abroad who might not have EHCP at the time of school application.

- iv. If you wish, please provide any comments about **in-year admissions** in respect of other children:

v. Please provide any comments you wish on the protocol not covered above. It would be particularly helpful to have any comments on the impact of the Code changes on the operation of the FAP in your area and the ability to secure places for vulnerable children:

The panel works very effectively to ensure that all children are offered a placement in a timely manner and, where needed, a setting that is appropriate to meet the needs of the young person.

E. Directions

How many directions did the local authority make between 1 August 2021 and 31 July 2022 to maintained schools for which the local authority is not the admission authority to admit children (including children looked after by the local authority but resident in another area)?

F. If you wish, please provide any other comments on the admission of children **in-year** not previously raised:

Section 3 - Other matters

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

The new School Admissions Code still does not fully cover summer born/out-of-year requests from the parents.

LA have to rely on summer-born guidance; it will be helpful to have legislation that includes a complete guide to LA on how to deal with summer-born and out-of-year applications.

Section 4 - Feedback

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2023.
