Dear Resident, Business or Occupier

**Scarborough Road Area Traffic Reduction Proposals Update
– Access Changes from the 15 May**

I am writing to remind you regarding traffic proposals in the Scarborough Road area which involves the installation of a Modal Filter (road closure to through traffic) outside No.7 Scarborough Road. The modal filter will include two planters placed in the carriageway with a gap for emergency service access. A plan showing the location of the Modal Filter can be seen on the reverse of this letter.

The installation of the Modal Filter means that through traffic will not be able to use Scarborough Road to travel from Hainault Road to Grove Green Road and vice versa, therefore how you access your properties/premises may change. Anyone travelling either North or South in the area should consider using Fairlop Road for their journeys.

The modal filter will be camera enforced. Any vehicles contravening the restriction would be issued with a Penalty Charge Notice charged at £130, which is reduced to £65 if paid within 14 days. Residents would not be exempt from this restriction.

At the same time, we will be removing the existing 7am-7pm left turn ban from Grove Green Road to ensure access is maintained for all properties (residents and businesses) in the section of Scarborough Road between Grove Green Road and the proposed modal filter.

We are planning to carry out the installation of the scheme on the week commencing the 15 May 2024. We will endeavour to minimise any disruption caused by the works.

The scheme will be introduced using an Experimental Traffic Order. This experimental order can last up to 18 months, the first 6 months of which form a statutory consultation period. During this experimental period further monitoring will be carried out and changes made to the scheme if it is deemed that they would be of benefit. Any person who wishes to submit comments or objections to the proposals or to make any other representation should send a statement in writing to Traffic Orders, Low Hall, Argall Avenue, London, E10 7AS or via email at enjoy@walthamforest.gov.uk. All comments and objections must quote the scheme name Scarborough Road and specify the grounds on which they are made.

Yours sincerely,

Tarik Qirem
Principal Engineer
Project Development

SCARBOROUGH ROAD MODAL FILTER PROPOSAL

KEY:

-  MODAL FILTER
-  MODAL FILTER PROPOSAL (OPTIONAL FUTURE PROPOSAL SUBJECT TO REVIEW)
-  EXISTING 7AM - 7PM BANNED TURN RESTRICTION
-  EXISTING 7AM - 7PM BANNED LEFT TURN RESTRICTION TO BE REVOKED
