Introduction and guidance on completing the report

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.23 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. The report must be returned to the Office of the Schools Adjudicator by 30 June 2019.

2. Please note that the specified date for returning this form by 30 June is a Code requirement; this is why some data are asked for by financial year.

3. We have made some changes to the information and categories of information sought this year:

   a. we have removed references to “all through” schools and instead would be grateful if local authorities would follow the approach used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002², and

   b. we have decided not to use the term “own admission authority schools” to mean those schools for which the local authority is not the admission authority (that is foundation, voluntary aided and academy schools). This is because a large number of arrangements are now determined by multi-academy trusts. We will therefore refer to ‘schools for which the local authority is not the admission authority’.

4. Local authorities will notice that we have not included this year a number of questions which have been asked in past years. This is because we judge that we are unlikely to receive much information that adds to the existing body of knowledge and do not wish to take up local authorities’ time unnecessarily. We have not asked:

   a. for details of the particular provisions of admission arrangements determined by other admission authorities challenged by local authorities;

   b. local authorities’ views of how well the interests of children with special educational needs or disabilities are met at the normal points of admission;

   c. about the advantages and disadvantages of co-ordinating in year admissions;

   d. about the reliance on paragraph 3.12 of the Code by other admission authorities in the local authority’s area;

   e. for information about admission authorities’ approaches to deciding whether or not they had places available in year; or

¹ Department for Education Statistical First Release
² The Education Middle School (England) Regulations 2002
for the number of children refused admission to a school under the fair access protocol.

Local authorities are, of course, free to comment on any of these matters if they wish to do so under section 6. The views expressed by local authorities in previous years also remain a matter of public record.

5. We are asking new questions this year about:

a. the proportion of schools with other admission authorities in the local authority area for which the local authority ranks preferences for the schools concerned on the admission authorities' behalf;
b. use of oversubscription criteria which give priority to children adopted having previously been in care abroad; and
c. how well served are children who are looked after by another local authority but being educated in the area of the local authority submitting the report.

6. We continue to ask about the use of the premiums in admission arrangements but have provided further guidance on this in footnote 11. In particular, we ask local authorities to include in their responses schools using part of any of the premiums (such as free school meals eligibility). Please consider this footnote before answering the questions on this matter.

C. Looked after and previously looked after children

i. How well does the admissions system in your local authority area serve the interests of looked after children at normal points of admission?

☐ Not at all  ☐ Not well  ☑ Well  ☑ Very well  ☐ Not applicable

ii. How well do the admissions systems in other local authority areas serve the interests of children looked after by your local authority at normal points of admission?

☐ Not at all  ☐ Not well  ☑ Well  ☑ Very well  ☐ Not applicable

iii. How well does your admissions system serve the interests of children who are looked after by other local authorities but educated in your area at normal points of admission?

☐ Not at all  ☐ Not well  ☑ Well  ☑ Very well  ☐ Not applicable

iv. How well does the admissions system in your local authority area serve the interests of previously looked after children at normal points of admission?

☐ Not at all  ☐ Not well  ☑ Well  ☑ Very well  ☐ Not applicable

3 ‘Not applicable’ will only be appropriate if there are no children falling within this definition.

a. Do the arrangements for any community or voluntary controlled primary schools include this priority for 2020? ☐ Yes ☒ No

If yes please provide the number of community or voluntary controlled primary schools that include this priority.

b. Do the arrangements for any community or voluntary controlled secondary schools include this priority for 2020? ☐ Yes ☒ No

If yes please provide the number of community or voluntary controlled secondary schools that include this priority.

c. Do the arrangements for any primary schools for which the local authority is not the admission authority include this priority for 2020? ☒ Yes ☐ No

If yes please provide the number of primary schools for which the local authority is not the admission authority that include this priority.

d. Do the arrangements for any secondary schools for which the local authority is not the admission authority include this priority for 2020? ☒ Yes ☐ No

If yes please provide the number of secondary schools for which the local authority is not the admission authority that include this priority.

1
e. Please comment on the use of a priority in admission arrangements for a child adopted who was previously in care abroad if you wish.

Although, DfE has issues guidance but including this information is not the part of the Code, it will be helpful to DfE to include this in next School Admissions Code or relevant legislation and also make it clear how LA is supposed to look at documents from abroad and ensure they are authentic. We need further clarity with steps to implement this process.

vi. Please give any examples of good or poor practice or difficulties which exemplify your answers about the admission to schools of looked after and previously looked after children at the normal points of admission:

- Schools in Waltham Forest are aware of the priority status of LAC and PLAC in the normal admissions round
- LAC and PLAC are almost always offered their first choice school
- For a small number of children where this has not been the case, it has been due to an administrative error which has been quickly rectified and the first choice school offered.

D. Special educational needs and disabilities

i. Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at the normal points of admission:

The normal phase transfer is clearly understood by all schools within the borough. There are no issues in relation to the process and mutual collaboration.

Section 2 - In year admissions

A. The number of in year admissions

i. Do you know the number of in year admissions to primary schools in your local authority area? ☒ Yes ☐ No

---

4 By in year we mean admission at the start of any school year which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven primary school) and admission during the course of any school year after the end of the statutory waiting list period in normal years of admission.
ii. If ‘no’ is this for one or more of the following reasons (tick boxes as appropriate) because:

☐ schools with other admission authorities are not complying with the requirement in paragraph 2.22 of the Code to notify the local authority of applications for places and the outcome;

☐ the local authority does not use the information provided by schools with other admission authorities to collect the numbers of in year admissions; and/or

☐ other? (please specify)

iii. Do you know the number of in year admissions to secondary schools in your area? ☒ Yes ☐ No

iv. If ‘no’ is this for one or more of the following reasons (tick boxes as appropriate) because:

☐ schools with other admission authorities are not complying with paragraph 2.22 of the Code;

☐ the local authority does not use the information provided by schools with other admission authorities to collate the numbers of in year admissions; and/or

☐ other? (please specify)

v. If the local authority does know the number of in year admissions to state funded schools in its area, please complete the following table.

<table>
<thead>
<tr>
<th></th>
<th>Primary aged children</th>
<th>Secondary aged children</th>
</tr>
</thead>
<tbody>

B Co-ordination of in year admissions

i. To what proportion of community and voluntary controlled schools did the local authority delegate responsibility for in year admissions in the academic year 2018/19?
a) Primary: ☐ Not applicable\(^5\) ☐ None ☐ Minority ☐ Majority ☒ All
b) Secondary: ☐ Not applicable\(^5\) ☐ None ☐ Minority ☐ Majority ☒ All

ii. For what proportion of schools for which the local authority is not the admission authority does the local authority co-ordinate in year admissions?

a) Primary: ☐ None ☐ Minority ☒ Majority ☐ All
b) Secondary: ☐ None ☐ Minority ☒ Majority ☐ All

iii. Please provide any comments on the co-ordination of in year admissions if you wish.

C Looked after children and previously looked after children

i. How well does the in year admissions system serve children who are looked after by your local authority and who are being educated in your area?

☐ Not at all ☐ Not well ☒ Well ☐ Very well ☐ Not applicable\(^6\)

ii. How well do the in year admission systems in other local authority areas serve the interests of your looked after children?

☐ Not at all ☐ Not well ☒ Well ☐ Very well ☐ Not applicable\(^6\)

iii. How well does your admissions system serve the interests of children who are looked after by other local authorities but educated in your area?

☐ Not at all ☐ Not well ☒ Well ☐ Very well ☐ Not applicable\(^6\)

iv. How well does your in year admissions system serve the interests of previously looked after children?

☐ Not at all ☐ Not well ☒ Well ☐ Very well ☐ Not applicable\(^6\)

v. Please give examples of any good or poor practice or difficulties which support or exemplify your answers about looked after and previously looked after children:

Good Practice

\(^5\) ‘Not applicable’ will only be appropriate if the local authority has no community or voluntary controlled primary/secondary schools.

\(^6\) ‘Not applicable’ will only be appropriate if there are no children falling within this definition.
• Applications for children in care are processed quickly, and a good knowledge of the Admissions code is applied.
• Admission authorities are clearly aware of their duty to admit children in care even when full, and the chosen school is allocated.
• Where a school choice is not indicated, only schools rated by Ofsted as good or outstanding are allocated.
• Timely liaison with the Virtual Head of the placing and home authorities in order to ensure a good match for the child
• Evidence of child’s legal status and evidence of PR requested and applied consistently
• Local Authorities co-ordinate in year admissions for children in care
• Previously Looked After children are given the same priority and excepted status for admissions as children in care, and are not placed on waiting lists

**Poor practice**

• Applications for children in care living in some authorities outside of Waltham Forest are not processed quickly and have to be chased by placing authority
• Some admission authorities’ lack of knowledge of the Admissions code and how it applies to the in-year admissions of children in care
• Some admission authorities’ refusal to follow the Admissions code when processing in year applications for children in care and not offering a place at a chosen school
• Some admission authorities refusing to admit children to mainstream school during Key stage four
• Some authorities offering making little support or advice available to placing authority as to which school may suit a particular child
• Some admission authorities routinely question placing authority’s decision to place a child in their area and cite this as a reason not to abide by the admissions code
• Some admission authorities requesting meetings/interviews with the child, previous academic and behaviour reports and other information not requested for non-LAC applicants before offering a school place, and refusing to offer a place until this has been submitted.
• Some admission authorities accepting and processing applications from foster carers without requesting evidence of legal status and/or communicating with social care or Virtual School
• Children in care and previously Looked After Children placed on waiting lists by some authorities
• Appeal process incorrectly applied to children in care by some authorities
• Placing authorities advised by some admission authorities to direct schools to admit children in care as a matter of course

**D  Children with special educational needs and/or disabilities**

i. How well served are children with special educational needs and/or disabilities who have an education health and care plan that names a school when they need to be admitted in year?
☐ Not at all  ☐ Not well  ☒ Well  ☒ Very well  ☐ Not applicable

ii. How well served are children with special educational needs and/or disabilities who do not have an education health and care plan when they need to be admitted in year?

☐ Not at all  ☐ Not well  ☐ Well  ☒ Very well  ☐ Don’t know

iii. Please give examples of good or poor practice or difficulties which support or exemplify your answers:

Children and young people with a plan are able through a multi-agency panel to have their cases discussed and alternative schools and funding levels proposed to meet their need.

Discussions are held with schools and parents and assessments are undertaken to meet children’s needs. Further the council has encouraged and negotiated with schools to undertake assessment places for children with complex needs to ensure that placements do not break-down.

E  Other children

i. How well served are other children when they need a new school place in year?

☐ Not at all  ☐ Not well  ☐ Well  ☒ Very well  ☐ Don’t know

ii. Please provide any comments you wish to make in respect of other children:

F  Fair access protocol

i. Has your fair access protocol been agreed with the majority of state-funded mainstream schools in your area?

☒ Yes for primary
☒ Yes for secondary

ii. If you have not been able to tick both boxes above, please explain why:

---

7 ‘Not applicable’ will only be appropriate if there are no children falling within this definition.
8 Other children are those not looked after, previously looked after or with special educational needs and/or disabilities.
9 An existing protocol remains binding on all schools up until the point at which a new one is adopted.
iii. How many children were admitted to schools in your area under the fair access protocol between 1 April 2018 and 31 March 2019?

iv. How well do you consider hard to place children are served by the fair access protocol in your area?

☐ Not at all  ☐ Not well  ☐ Well  ☒ Very well  ☐ Not applicable

Please make any relevant comment on the protocol not covered above.

B. Please add any comments on the authority’s experiences of making directions in these circumstances.

10 ‘Not applicable’ would mean that there were no hard to place children for which the protocol was required.
C. How many directions did the local authority make between 1 April 2018 and 31 March 2019 for a maintained school in another local authority area to admit a looked after child?

D. Please add any comments on the authority’s experiences of making directions in these circumstances.

Two minded to direct letters were issued to schools in other authorities; this resulted in a place being offered.

E. How many requests to the ESFA to direct an academy to admit a child did the local authority make between 1 April 2018 and 31 March 2019?

F. Please add any comments on the authority’s experiences of requesting directions in these circumstances.
G. Any other comments on the admission of children in year not previously raised.

The ESFA was alerted by the Virtual School to a school in another local authority’s refusal to admit a Looked After Child with an EHC Plan despite being directed by their local authority to do so. This resulted in the child being admitted.

Section 4 - Pupil, service and early years pupil premiums (the premiums)\textsuperscript{11}

\textsuperscript{11} Please include in these figures all schools whose arrangements give priority on the basis of eligibility for one or more of the premiums or part thereof except where the only sub-group is looked after and previously looked after children as all schools must give first priority to these children. Admission authorities can limit priority to specific sub-groups of those who attract a premium. Examples are:

- children of parents who are currently serving in the UK regular armed forces (rather than all children who attract the service premium); or
- children who are eligible for free school meals at the time of application (rather than all children who attract the pupil premium).

If such sub-groups have priority at any point within the oversubscription criteria, they should be included in the totals for this table even if there is no specific use of the terms, ‘pupil premium,’ ‘early years premium’ or ‘service premium’ in the arrangements. Paragraphs 1.39A and 1.39B of the Code provide the relevant exceptions to paragraph 1.9f (which prohibits giving a priority to a child according to the occupational or financial status of parents applying).

Section 5 - Electively home educated children

A. How many children were recorded as being electively home educated in the local authority area on 29 March 2019?

251

B. Any comments to make relating to admissions and children electively home educated that you have not previously raised?

We feel Admissions and EHE work very well together to safeguard children and share information in a timely manner as there are occasions when schools fail to inform the Behaviour Attendance and Children Missing Education Team when they are off-rolling children for EHE. These students are picked up in schools returns by Admissions Safeguarding Officer in the main.

Section 6 - Other matters

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

Section 7 - Feedback

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2020.
1. We will be grateful if DfE could look into detailed guidance on use of oversubscription criteria which give priority to children adopted having previously been in care abroad; and preferably include it as part of legislation so it is more than just guidance.

2. We would also appreciate clear mention of Summer Born and guidance for LA's in next School Admissions Code.

Thank you for completing this template.
